by Ex-OR robotics in Pondicherry
Engineering College.

Attended "**Augmented Reality**"
workshops by Praya Labs in Manakula
Vinayagar Institute of Technology.

EDUCATION

2020-2024

Manakula Vinayagar Institute of Technology
Puducherry

Under Graduate

Bachelor of Technology(Information Technology)

CGPA - 9.0.

PROJECTS

MINI PROJECTS

AI Chatbot- A Conversational AI with speech recognition:

We developed an AI chatbot using OpenAI's GPT-3 language model. The chatbot was trained on a dataset of text and code that was specifically designed for customer service applications. The dataset included a variety of customer questions and issues, as well as the corresponding answers and solutions.

MAIN PROJECTS

Advance AI Display Voice Assistant for Deaf & Blind using IOT.

We had enhance the voice assistance system to cater specifically to individuals with physical disabilities, such as the deaf and blind. Consequently, we have transitioned from a software-based solution to a hardware device, which is portable and can be conveniently carried anywhere.

Project Proposal Submitted

Virtusa (Jatayu season 3) Shortlisted - online collaboration using mixed reality:

Learned working with frameworks like **Unity** and **Unreal Engine**.

Augmented Reality Project:

The Spacestation Projects held in Mailam Engineering College.

INTERNSHIP

Invoice Automation Engineering at **OPTUS INNOVATION** in Chennai.

Java Fullstack Developer at **NEXGEN TECHNOLOGY** in puducherry.

Fullstack development at **iROID TECHNOLOGY** in kochi
